

Team Meeting Online  
Tuesday, September 24

In attendance:

- Everyone

Tasks:

- Go over Iteration 1 document, checking on each section to see what has been done, what we will do in the meeting, and what needs to be done soon for upcoming deadline
  - Go over and tweak UMPLE code
  - Go over all UI mockups

Outcomes and decisions:

- **Task Assignment AND TODOs:** Project Report
  - **TODO:** We will annotate our UI mockups individually
  - **TODO:** UML Diagram to be described individually
  - **TODO:** each team member should formulate a constraint and upload it to the #umple-generation channel
    - We will vote on the best 5 to add in the report
  - **DEADLINE: TRY TO FINISH BY TONIGHT**
- We have gone over UMPLE code and modified it
- We have agreed on our UI mockups
- Folder for project report generated
